Going to Swimming

For the next two weeks all the grade 1’s, 2’s and I will be going swimming.

My mornings will be the same as usual.

I will wear my bathers under my school uniform for swimming.

I will eat my lunch, have a little play and then the teachers will tell us to line up.

All the children and I will get on the bus and it will take us to the swimming centre.

At swimming I will learn to float, put my face in the water and blow bubbles. This will help me learn to swim.
I will be put into a group with other children. I will have a swimming teacher.

The swimming teacher will be in charge of me when I am in the pool. My teachers and helpers from school will help me as well.

When I have finished swimming I will get changed back into my school uniform.

Many children enjoy swimming lessons and have fun.
