Playing with my friends

This is a story about me playing with my friends.

Sometimes I might have another child come to my house to play with me.

If I have someone come to my place to play this is what I will try to do.

I will try to ask them what game they would like to play.

Then I will play the game with them. It is important to take turns when I am playing the game.

When we have finished playing the game, I can have a turn in choosing the game to play.

Many children like to have another child to their house to play.
