USING A TIMETABLE

At school and home it is good to use a timetable.

A timetable is like a picture of all the things I will do in one day.

My school timetable tells me when I have reading, writing, art and other school things.

My home timetable might tell me when I can watch TV, do my homework, go to bed and other things I do at home.

It is good to have a timetable because I will always know what I am going to do next.

Many people have a timetable to help them remember what they have to do.

A timetable will help to keep me organised and happy.
