What I Do in Guided Reading

Every week my group has a turn at guided reading with _____________.

Sometimes _____________ will ask me to read out loud. I will try to start reading as soon as _______________ says start reading. I will use my best reading voice so she can hear me.

If I want to ask questions or tell ______________ some-thing I will try to wait until I have finished reading.

Sometimes ______________ will ask me to read silently.

When Ms ________________ asks me to read silently, I will try to look at the words and say the words so no-one else can hear.

If I don’t understand what I have to do or what the words mean, I will try to put up my hand and ask ___________________ what I have to do or what the words mean.
